

Brandt 30-K

Liquid Potassium Foliar Fertilizer

GENERAL INFORMATION

30-K is a liquid Potassium designed for foliar applications for warm and cool season turf including commercial landscape, golf course, lawn care and sod farms and ornamentals.

Turf Application Rates

Greens and Tees: Apply 2-5 fl oz. per 1,000 sq. ft. every 7-14 days or as needed to maintain healthy turf. Deficiencies may be corrected by doubling the normal maintenance rate per application.

Fairways & Sports Turf: Apply 3-8 fl oz. per 1,000 sq. ft. every 7-14 days or as needed to maintain healthy turf.

Ornamental Application Rates

Foliar Applications: Apply a 1 - 3% solution by volume (1 - 4 fl oz per gallon, 12 - 51 fl oz per 10 gallons) and spray foliage to complete coverage as needed to maintain healthy potassium levels. For sensitive crops use lower rates.

APPLICATION RATE		POTASSIUM	
fl oz/1000 sq ft	qts/acre	lbs/1000 sq ft	lbs/acre
1	1.3	0.03	1.24
2	2.7	0.06	2.48
3	4	0.09	3.72
4	5.4	0.11	4.97
5	6.8	0.14	6.21
6	8.16	0.17	7.45
7	9.5	0.20	8.69
8	10.8	0.23	9.93

Use a minimum of 1 gallon water per 1,000 square feet with ground spray equipment. The use of an adjuvant may be desired to improve the properties of spray solution. Performing trials with adjuvants may be useful in determining the best inclusion rates for optimal performance.

Optimum rate of application will vary depending on your soil properties such as soil pH, organic matter content and soil texture, weather conditions, time of year and general turf health and species. For best results, follow soil test or plant analysis recommendation.

Mixing Instructions

Put 1/3 to 2/3 of total desired water volume in tank. Add adjuvant(s) if desired and agitate until thoroughly mixed. Add desired amount of 30-K and agitate until thoroughly mixed. Add pesticide(s) if desired and agitate until thoroughly mixed. Fill tank with remainder of desired water. A jar test is a good field practice for evaluating compatibility of multiple chemical mixtures. **CAUTION: 30-K has a pH between 11-13 and may not be compatible with pesticides degrade in alkaline conditions.** Check compatibility with chemical mixtures especially non-chelated micronutrients.

Weight per gallon: 12.1 lbs

Freezing temperature: 32°F, pH: 12-13

CAUTION: KEEP OUT OF REACH OF CHILDREN

CAUTION: Harmful if swallowed. Avoid contact with skin, eyes and clothing. Causes eye irritation. Avoid breathing spray mist. Wash hands after using thoroughly after using. In case of eye contact, flush eyes with water for at least 10 minutes and get medical attention.

STORAGE AND DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Store in a cool, dry, locked area out of reach of children. Protect from excessive heat or cold. Triple rinse (or equivalent) and dispose of container in accordance with local, state and federal regulations.

Information concerning the raw materials composing the product in this container can be obtained by writing to Brandt Consolidated, Inc. and referring to the product name.

Warranty: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.
