

# Brandt EDTA Corn Mix

## Chelated Trace Elements

### General Recommendations

BRANDT EDTA CORN MIX is recommended for the prevention and/or correction of Micronutrient deficiencies in all corn crops and other crops requiring Zinc, Manganese and Copper. BRANDT EDTA CORN MIX is fully chelated and designed for mixing with NPK starter fertilizers including those made with orthophosphate and/or containing pesticides.

### Soil Application

Soil applications may be made by drip, sprinkler or furrow irrigation systems or in band or broadcast fertilizer applications. Apply 1 to 10 quarts per acre.

### Foliar Application

BRANDT EDTA CORN MIX is primarily designed for soil applications; however it may be used for foliar applications where a chelated micronutrient is needed for compatibility. Apply 1 pint to 1 quart per acre in sufficient spray volume for thorough coverage (15 gallon minimum for 1 pint; 25 gallon minimum for 1 quart).

*Optimum rate of application will vary between fields, depending on soil pH and organic matter content. For best results, follow soil test or plant analysis recommendation.*

Information concerning the raw materials composing the product in this container can be obtained by writing to Brandt Consolidated, Inc. and referring to the product name, or visit our web site [www.brandtconsolidated.com](http://www.brandtconsolidated.com)

**Storage And Disposal:** Do not contaminate water, food, or feed by storage or disposal. Store in a cool, dry, locked area out of reach of children. Protect from excessive heat or cold. Triple rinse (or equivalent) and dispose of container in accordance with local, state and federal regulations.

### Guaranteed Analysis

Copper (Cu) .....	0.5%
0.5% Chelated Copper	
Manganese (Mn) .....	0.5%
0.5% Chelated Manganese	
Zinc (Zn) .....	4.5%
4.5% Chelated Zinc	

Derived from Diammonium Zinc EDTA, Copper Diammonium EDTA and Manganese Diammonium EDTA. F76

### Mixing Instructions

Put 1/3 to 2/3 of total desired water volume in tank. Add adjuvant(s) if desired and agitate until thoroughly mixed. Add pesticide(s) if desired and agitate until thoroughly mixed. Add desired amount of BRANDT EDTA CORN MIX and agitate until thoroughly mixed. Fill tank with remainder of desired water. A jar test is a good field practice for evaluating compatibility of multiple chemical mixtures.

**Weight per gallon: 10.0 lbs**

**Freezing temperature: 32°F**

**CAUTION: KEEP OUT OF REACH OF CHILDREN**

**CAUTION:** Harmful if swallowed. Avoid contact with skin, eyes and clothing. Causes eye irritation. Avoid breathing spray mist. Wash hands after using thoroughly after using. In case of eye contact, flush eyes with water for at least 10 minutes and get medical attention.

**Warranty:** Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.
