DIRECTIONS FOR USE

Use only according to label instructions. Read the entire label before using this product. Only protected handlers may be in the application area. Do not apply this product in a way that will contact workers or other persons either directly or through drift.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forest, nurseries, and greenhouses and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE) and restricted entry intervals. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

NO RE-ENTRY INTERVAL AND NO PREHARVEST INTERVAL

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything treated, such as plants or soil is: long sleeved shirt, long pants, shoes and socks, chemical resistant gloves.

APPLICATION RATES AND INSTRUCTIONS

ECOTEC G controls certain soil insects including, but not limited to crops listed in the table. Apply uniformly as directed for each crop. When a range of rates is given, use the higher rate only for moderate to heavier infestations. Applications for control of labeled pests should be thoroughly incorporated into the soil during or after application according to SOIL INCORPORATION guidelines.

SOIL INCORPORATION

Apply ECOTEC G as band at planting or after planting. Incorporate ECOTEC G into soil as outlined below.

Pest	Depth of incorporation into soil
Surface Cutworms*	2 to 3 inches
Subterranean Cutworms	3 to 6 inches
Root Maggots	3 to 6 inches
Wireworms	4 to 8 inches
Symphyllans	3 to 6 inches

*If type of cutworm cannot be identified, mix into soil 4 to 6 inches deep.

Warranty: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.
